

NOTICE TO EMPLOYERS

NHIF takes this opportunity to thank all employers for the timely remittance of the members contributions throughout the ending financial year 2016/2017. This has translated to a seamless provision of healthcare services to our members and their dependants.

As we approach the end of this financial year, the Fund would like to encourage all employers to remit the monthly contributions for the **month of June 2017 period by Friday 30th June 2017**. This is in line with closure of the Government financial year.

As our valued key stakeholders, we look forward to your continued support in the new financial year 2017/2018.
